Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories? How much money is now allocated in the program subject area?

As the courses associated with this program already exist, relevant library holdings are already in place to support the program. The allocation for the purchase of monographs for GSLIS for 2021-22 is approximately \$4,500. The cost of journal and database subscriptions is not broken out by department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

URI has access to the journals and databases needed to support this program.

3. What new resources are required to support the program (including media, electronic, or other non-print materials)?

No new library resources are required for the support of this program.

4. What information mastery sessions will be required for the students?

Library information mastery sessions are not required for students in this program.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this program.
